## The Political Situation

No new developments have taken place in the political field during the past week. Premier-elect Greenfield has postponed a contemplated visit to Ontario owing to pressure of business, and engaged in the composition of his cabinet, but up to date nothing has been given out regarding the personnel.

When the cabinet is formed another meeting will be held in Edmonton to allow the Farmers members give their approval, and in the meantime Premier Stewart will be required to carry on for some time yet. The Edmonton Bulletin has this to say: "By the withholding of opposition it would be possible for the premier elect to be elected by acclamation in Ponoka constituency in about three weeks time. Prominent Liberals from the Ponoka riding state that they will not oppose the election of Mr. Greenfield."

This is the right spirit to show and no doubt Mr. Greenfield, one of his ministers will be invited by the Ponoka constituency to represent them when the seat is declared vacant.

### ON TRIAL FOR MURDER

Infant, July 29.—J. J. Rutledge was committed for trial this afternoon on the charge of being responsible for the death of his wife and four children in a fire which destroyed their farm house on June 18.

The trial took place in a room in the Infirmary hospital. Rutledge, still confined there by burns sustained in the fire which destroyed his home.

His wife's sister, Mrs. Mabel Shaw, was a witness, and she gave testimony which corresponded with the statements in the newspapers of positions which she gave following the fire.

Rutledge's trial will take place at the Hotel Desermax in the middle of September.

### ENRICO CARUSO, WORLD FAMED TENOR DIES SUDDENLY

Naples, Aug. 2.—Enrico Caruso, world famous tenor, died here today. Enrico Caruso was born February 25, 1873.

Enrico Caruso, for more than 25 years a celebrity in the world of song, the tenor with "the golden voice" beloved by millions, had an artistic career as well known as that of any famous statesman or military leader. He was born in Naples, Italy, February 25, 1873, the son of Marcellino Caruso, a mechanic, who defected music but was persuaded to permit his son, when 11 years old, to sing in the churches of his native city. An unpromising pupil, for three years he studied under Guglielmo Vergine, pledging his teacher that when ready for a professional career he should pay him one quarter of his earnings for the following five years.

New York, August 1.—At least seven persons were killed and many seriously injured in severe electrical and wind storms that swept various sections of the country Sunday. Four of the deaths were attributed to lightning and damage to crops, particularly in New England, was estimated to thousands of dollars. At Travelers, N.Y., the members of the New York Athletic Club had narrow escapes from serious injury, all of them being knocked to the ground by a bolt of lightning.

## High School Examinations.

### Satisfactory Local Returns

Following is a list of the local pupils who have passed the examination for Grades X, XI, and XII. The show a very satisfactory percentage of passes, and congratulations are in order both to teachers and pupils.

Grade X.  
Angeline Grace Albrecht, Jean H. Brunner, Hazel Jewel Cline, Vera Jeanette German, Jack E. Kelly, Mae Elizabeth Reid, Wm. R. Steele, Isabella C. Stuart.

Grade XI.  
Susan Mary Baker, Florence M. Fleming, Bernhard Nielsen.

Confidential—Campbell, Baker, William John Davies, Ross C. Iverson.

### ATTENTION, YOUNG MEN!

There will be a meeting in the town hall, open to all men, immediately after the ball game, on Thursday, August 11th, to be addressed by Major Briscoe, for the purpose of organizing a company of Militia. Already a splendid start has been made, and many are making application to join.

This being a non-permanent unit does not enforce being called up for service other than invasion, thus it enables any man to receive the benefits of military training with no fear of war. If interested in this be at the town hall on Thursday, August 11, where you will hear all particulars.

## Explosion in Minneapolis

### 150 Persons Injured

Minneapolis, July 31.—Thirty persons were taken to the General Hospital, about 100 others were treated elsewhere for minor injuries and property damage estimated at \$50,000 caused by a series of eight explosions in downtown Minneapolis late last night and early today. Most of those hurt were cut by flying glass or were bruised and stunned when thrown to the pavement.

The first explosion occurred shortly after 2:30 a.m. last night and was believed to have been caused when a short circuit in a power cable melted at Sixth St. and Nicollet, ignited sewer gas. The munition cover was blown about 20 feet and flames shot into the air.

### CALDWELL-DYE

Wednesday evening, July 27th, the home of Mr. and Mrs. Robert Caldwell, 2812 E. 4th Ave., Spokane, Washington, was the scene of a very pretty wedding, when Miss C. Dye, of Ponoka, Alberta, became the wife of Mr. Lewis Caldwell, in the presence of the immediate friends and relatives.

The bride looked charming in a gown of white brocade silk, trimmed in white satin and fringe, and carried pink and white roses. She was attended by Mrs. Lewis C. Cline, while Mr. Cline ably supported the groom.

After the ceremony, which was performed by the Rev. Dr. Stouffer, one of the First Presbyterian Church, a dainty buffet luncheon was served by the groom's mother.

## High School Examinations are Gratifying

Hon. Geo. P. Smith, minister of education, expressed himself as being delighted with the results of the various high school examinations which have just been made public. It will be remembered that last year Hon. Mr. Smith issued a statement calling the attention of students, teachers and pupils alike to the unsatisfactory conditions which prevailed, and called for a united effort to get back to strict discipline and hard work. With regard to this year's results Mr. Smith makes the following comments:

"The examinations have just completed their labor, and the results have been received and passed upon by the examination board. The situation proves beyond question that it paid to face facts as they were last year. The improvement is shown not only in the higher percentages of the answer papers. The inspectors report a new atmosphere in our high schools. They assure me that all over the province, and even more particularly in smaller places, parents, school boards, teachers and students are approaching the work more earnestly and more seriously."

"The following comparison between results last year and this year is very striking. In grade X, last year 144 students wrote, and 802 or 56 per cent. passed. This year 1572 wrote and 1140 or 73 per cent. passed. In grade XI, last year 952 wrote and 478 or 51 per cent. passed. This year 948 wrote and 616 or 65 per cent. passed. In grade XII, last year 270 wrote and 172 or 64 per cent. passed. This year 252 wrote and 159 or 72 per cent. passed."

"This shows that we are back again on a sound normal basis, and the results are genuine and not obtained by any special concessions or conditioning of students. There should be no difficulty whatever this year in filling the three normal schools when they open in August, and thus still further improving the supply of teachers."

In the face of this situation I do not regret that last year the Department voluntarily assumed an unpleasant responsibility. Schools are, after all, primarily institutions of work rather than of entertainment, and the laying of sound foundations of scholarship and of citizenship will not be successfully achieved without the earnest co-operation of all the agencies connected with our schools to retain high standards of effort and discipline and to shut out frivolous and unsustained tendencies."

One occasion was also the birth anniversary of the groom's father, who celebrated his 57th year.

The happy young couple left for Seattle, Tacoma, Portland and other coast points, where a short honeymoon will be spent, after which they will make their home in Spokane.

## Local News.

Mr and Mrs J. W. Auteo were Edmonton visitors during the week.

Mrs F. E. Crawford and her sister, Mrs James Dempster, of Toronto, are visiting at the coast.

Mrs A. A. Graham and Mrs G. Gordon and families are spending a week or two at Gull Lake.

Geo. A. Slater, of Montana, is visiting with his nephew, Richard Slater.

Mr and Mrs J. McCarthy and family, of Hardin, Mont., are visiting with Mr and Mrs P. O'Donell.

Miss L. Boddy is on vacation and visiting with friends at Olive and Rocky Mountain House.

Mr and Mrs F. P. Morris and family left on Monday for Chicago, where Mr Morris will have his damaged arm attended to.

Meers Sunday Bird and H. B. Edwards are off to the coast on a vacation. Two of Ponoka's leading dealers, they are bound to lead tone to the coast cities.

Mrs Curtis Eley, of Buckhorn, brought in several bouquets of tame roses to friends in town Saturday. She has them growing in her garden, and they are simply beautiful.

Mrs Cook Myer, Mrs Gillbank and Mrs Goodman attended the Church of God meeting at Ferintosh, and returned home on Monday, having been away for a week. They report an enjoyable and successful meeting.

Art. Mullins who had a knee badly injured while playing ball the other evening, is improving but slowly, and it will be several weeks before he is able to be out and around.

Dr. Foster, Chiropractor, has moved his office to the U.F.A. Block in Wetsaskin, and asks that his Ponoka friends give him a call when in the city. Mrs Foster expects to join her husband in the course of a week or two.

G. O. Willitt wishes to announce through the Herald that unless the road leading to his place is put in shape he will sue the Municipal Council for \$20,000 damages. The council should sit up and take note, as Oliver has blood in his eye and means business.

Complaint is made by Weel Inspector J. C. Bell that there is far too many noxious weeds in this district, and advising the farmers to do their utmost to have their fields attended to as soon as possible. It is said that the stink weed is very prevalent.

A heavy hail storm struck the eastern part of our district on Thursday afternoon, and a great deal of damage done. Earlville and Trailman were the principal sufferers, many of the farmers having a total loss. Less than half were covered by insurance.

We are having a little too much rain at present, and haying is being held up somewhat. Great is the change since the election.

Red Deer, Wetsaskin, Innisfail, Bow, Hay Lakes and Ponoka—four of the above ball teams will compete for the large purse on Thursday, Aug. 11th, at Ponoka. Tickets for the three games on Thursday, August 11th, now on sale.

ALEXANDER.—On Thursday, July 25th, to Mr and Mrs Roy Alexander, a daughter.

CROSS.—On Sunday, July 31, to Mr and Mrs Cross, a daughter.

MAGEDANS.—On Tuesday, July 29th, to Mr and Mrs Otto Magedans, a daughter.

PEPPER.—On Saturday, July 30, to Mr and Mrs F. T. Pepper, a daughter.

A petition is being circulated in town asking Premier Greenfield to become our member. Needless to say, practically everybody is signing. The U.F.A. Locals should get busy.

Just have a look at the list of donations to Ponoka's forthcoming Fair. It is something to be proud of, and guarantees that our fair will be as good as ever. Get the exhibits ready for the fair, August 25 and 26.

Saturday was an ideal day, and the farmers were in town in large numbers. It was a sort of a reunion before the busy hay season, and the visit appeared to be of an enjoyable nature.

A pleasant lawn social took place at the home of Mrs Ed. Schuldt on Wednesday evening, the 27th, and considering counter attractions, the attendance was good.

During Tuesday's electric storm the female building at the hospital was struck by lightning. Two bricks were knocked out of the corner of the building, but otherwise no damage was done. In town, the residence of W. Cottle was also struck.

It is simply impossible to give a description of the "Fat and Lean" game of ball which took place on the diamond. It was a scream from start to finish, and the spectators will never forget the spectacle. The Leans should have won, but, according to the umpire, the Fats had the best of it to the tune of 9 to 8. Strange to relate, the ladies appeared to be backing the Fats strong.

A very enjoyable lawn social was given at the home of Mrs J. S. Provan on Wednesday evening of last week, under the auspices of the Grand Meadow Local U.F.A. The attendance was large, and altogether a happy evening was spent. The lawn was beautifully decorated, with flags and lanterns, and the program consisted of music, singing, and recitations. It was just such an event as made every body feel in the best of form. Lunch was of the best, and consisted of coffee, cake and ice cream. Ponoka band was in attendance and gave a number of selections in their usual finished style.

## British Embargo On Canadian Cattle Based On A False Claim

Ottawa.—"I think we have shown them in a most conclusive manner that there never has been, and is not likely to be for many years, any disease among Canadian cattle," was the statement of Dr. S. F. Talmie, minister of agriculture, expressed himself to the Canadian Press on his return from England, whither he went at the instance of the Canadian Government to testify before the British commission which recently heard evidence in regard to the question of removing the embargo on Canadian cattle going into England. "It is impossible to make any statement at the present time as to the probable outcome of the work of the Lord Finlay commission," was all that Dr. Talmie could say when asked if he thought his mission to the old country would be successful. Dr. Talmie said he had made it perfectly clear that the British embargo against Canadian cattle had been instituted on an entirely false claim. The embargo was placed on the assumption that pleuro-pneumonia existed among Canadian cattle 37 years ago. After a most thorough investigation, this charge had been completely exploded. It rested with the British authorities as a matter of honor to take away this aspersion made against Canadian cattle. If the British authorities wanted to exclude Canadian cattle, all well and good; but that was entirely their own business. But if such a course was to be adopted, let it be made plain that it was not because of any kind of disease.

Dr. Talmie, who was making his first visit to the British Isles, said it made him proud indeed to be a British subject. During his stay he had been the official Canadian guest of the British Government, attending shows, dinners and functions, and getting the fullest possible opportunity of appreciating the splendor of the many activities of the mother country.

An important statement by Dr. Talmie was that inter-imperial trade was being discussed with the keenest interest by all sections of the community. In 1923 an exhibition was planned at which every portion of the Empire would be represented, and at which the main idea would be to get the component parts of the Empire to better understand each other's needs. The position of the minister was that the exhibition would have the effect of educating people to the idea that the British Empire has the ability of becoming self-supporting. Dr. Talmie visited the Royal Agricultural Society at London, and was deeply impressed at the size and strength of the draft horses. At the Olympia Horse Show he saw some specimens of horses which he regarded as perfect, and the hunters and saddle class were of the highest type.

## Turks Are Badly Defeated

Athens.—Information from all sources indicates that the resistance of the Turkish nationalists in Asia Minor is completely broken. The Greek official news agency declares in a statement. The Turkish losses in killed, wounded and prisoners to date are estimated at 60,000. The Greeks, the statement says, are constantly pressing the Kemalists back to the sea. Along the route of their retreat the Turks set fire to stores of material which they were unable to take with them because of the rapidity of their flight.

## Auto Accident

### Wipes Out Family

Automobile Mailed By Car Being On Wrong Track

Cleveland.—Five persons were killed, four of them almost instantly, when a car on the Avenue Avenue viaduct and an automobile crashed head on. One family was wiped out when John M. Hatfield, 40, a garage owner, his wife, 37, and their two children, were killed. Each of the dead was awarded a fractured skull. The cause of the accident according to the police, was the operation of a shuttle car east on a westbound track, the eastbound track being under repair. The motorists were westbound and when they saw the street car on the westbound track they apparently decided it was traveling in the same direction as their automobile.

## Terrible Experience

### Of Mountain Climbers

Mrs. Stone Is Rescued After Undergoing Incredible Hardships.

Calgary.—The search party which Mrs. Stone has forwarded measure details of the accident to the Alpine Club in Banff.

Mrs. Stone, who is not much more than her terrible experience, reports that she and Dr. Stone were climbing Mount Etna and Dr. Stone in attempting to make a short cut started up Rock Chimney with Mrs. Stone following him. They were not roped together. About half way up the rock on which she was standing gave way and she plunged over her head to his death on the cliff below.

Mrs. Stone attempted to go down to her husband and became marooned on a narrow ledge of rock about half way down, from which she was unable to move. She remained there for five days without food. The only water she had was from a small stream which trickled down the mountain side at noon when the snows above melted. When discovered Sunday night by a searching party she was in a weakened and exhausted condition but unharmed.

A. O. Wheeler, president of the Alpine Club, went up to the camp on Marshall Creek, accompanied by nurse from Banff.

## Harvesters From B. C.

First Contingent Will Not Leave Until August 13.

Vancouver.—British Columbia will send every able-bodied man who wants to go to the prairie harvest fields this year. It is expected that a great number will take advantage of the reduced fares.

The provincial employment bureau, however, announces that none will be earlier than August 13, on forward to the regular eastbound trains from Vancouver, and daily thereafter until requirements are filled.

## WESTERN EDITORS

W. B. Ballantyne, Publisher of the Journal, Emerson, Minn.

## Rainmaker Has Scored

Hatfield Wins Rain Bet With Medicine Hat District.

Medicine Hat.—Rainmaker Charles M. Hatfield has won his bet with the Medicine Hat United Agricultural Association and he will be paid \$8,000 for rain which has fallen in the district during the past three months.

Hatfield was to receive \$5,000 if four inches of rain fell between July and July 1. Up to Saturday last four and one quarter inches had been recorded and so Hatfield draws the maximum payment, which will be made him at the end of the month.

The association will hold a meeting to determine whether or not the contract shall be renewed for another year. Despite the outcome of the unusual contract which was made with the rainmaker, all are not convinced that Hatfield is entitled to take responsibility for the rain. It is pointed out that the rainfall did not come at the time it was most needed, and further that whenever the rain did come, it was general throughout the west.

## Welcome Home To Duke of Devonshire

Hope Is Expressed That He Will Resume Public Life in Britain.

London.—The Westminster Gazette in its editorial columns has the following to say in regard to the return home of the Duke of Devonshire:

"The Duke went to Canada when Dominion was in the midst of the great effort it made during the world war. He has since been nearly three years of peace and prosperity there; he has won the liking and esteem of the Canadian people, leaving nothing but happy memories. We hope to see him again after a period of rest resuming his position in home affairs with added authority and furthered by his valuable experience in the Dominion."

## Turk Nationalists Asking For Peace

Resistance In Asia Minor Said To Be Broken.

London.—Christina Kemal Pasha, head of the Turkish Nationalist Government, has sent a telegram to Constantinople asking that the Central Government intervene with the Allies in an effort to obtain a cessation of Greek-Turkish hostilities, according to a despatch from Constantinople to the Exchange Telegraph Company.

## Will Pay Loan Without Borrowing.

Ottawa.—Sir Henry Drayton, minister of finance, announced that the \$15,000,000 due in New York on August 1 would be paid without any further government borrowing.

## Wheat Field To Table In Few Hours

Ingersoll, Ont.—A record in which the harvest, the miller and the baker figured, was established a few days ago at Thamesford, Ont. On Thursday, at 3 o'clock, wheat was standing in the field. Later in the day it was threshed, drawn to the gristmill at Thamesford and ground into flour. On Friday morning biscuits of excellent quality were made and placed on the table for dinner.

## Quebec Crop Is Fifty Per Cent. Less

Farmers Optimistic Although Drought Damaged Hay and Cereals.

Quebec.—"I still believe there is a decrease of at least 50 per cent. in the crop of the year," stated Hon. J. E. Caron, minister of agriculture, just returned from an automobile tour of the southern shore where he personally inspected the crop. "Not only hay but cereals are greatly damaged from drought. The potatoes look well and vegetables should be an average crop. I found the farmers were encouragingly taking means to meet the situation," Mr. Caron added. "Due to our advice, farmers will keep their crops and use all the fertilizer available but it is hoped that the Federal Government will consent to grant a reduction in the freight rates to meet the requirements as the department of agriculture has received offers from the western provinces to send hay if needed at a very reasonable price."

## Lord Byng Eulogizes Canadians

Pays Tribute to Quality of Dominion Manhood as Shown in the War.

London.—The Duke of Connaught provided at a dinner tendered by the Canadian Club to Lord Byng of Vinny, the new Governor-General of Canada, who sails from Liverpool on Aug. 4. In proposing the toast to His Excellency, the chairman read a message from the Duke of Devonshire to the Government, wishing his successor nothing better than an experience in Canada as happy as his own. Lord Byng, responding, declared that if Canada as a whole extended to him the same spirit as the Canadian army corps in France did, he was its commander, he could readily hope that his tenure of office as representative of the king in the Dominion would be successful. If he should prove a failure in the office to which he had been appointed, it would not be because of any lack of affection on his part for the men of the great Dominion, who he had known and loved in the war. He concluded by paying a specially complimentary tribute to General Sir Arthur Currie, who succeeded him as commander of the Canadian army corps.

## Reduced Rates On Livestock

Rate From Winnipeg to Montreal Now 85 Cts Per 100 Pounds.

Winnipeg.—A reduction in the rate on livestock arranged as a result of the conference between shippers, representatives of the railways and the Railway Commission, was announced in a letter from the carriers to the commission. They will come into effect immediately the new rates for shipments to remove from the pay roll those who are occupying dual positions or those occupying positions in the city's employ and receiving a pension at the same time.

## Circassians Kill Turkish Governor

As a Result British Are Reinforcing Dardanelles Garrison.

Constantinople.—Circassian bandits appear in Karabagh on the north-eastern coast of the Black Sea, 35 miles east of Gallipoli, raided the town and killed the Turkish governor and commandant of the gendarmerie. A British detachment assisted the Turks in pursuing the bandits. As a result of this incident the British are reinforcing the Dardanelles garrison.

## To Help Unemployed.

Toronto.—The board of control has passed a resolution moved by Mayor Church, that in view of the large amount of unemployment in the city, instructions be given to the heads of departments to remove from the pay roll those who are occupying dual positions or those occupying positions in the city's employ and receiving a pension at the same time.

## 26,054 Canadians in Chicago.

Washington.—Figures announced by the census bureau give the total of 26,054 Canadians resident in Chicago at the close of 1922.

## Dominion Will Be Responsible For Its Own Coast Defence

### Courts Intervene

#### In Military Execution

Say Sinn Feiners Should Have Been Tried By Court-Martial.

Dublin.—An important judgment was delivered in the chancery division when the master of the rolls ordered a writ of habeas corpus returnable against General Sir Neville Macready, commander of the British troops in Ireland; Maj.-Gen. Sir Edward Strickland, divisional commander, and others, in the case of John Egan, sentenced to death by an inferior court in the case of having ammunition in his possession.

In a long judgment the master of rolls has decided that Egan should have been tried by court-martial under the Restoration of Order Act. The claim of the military authorities that the existence of the state of insurrection justified them in overriding legislation seemed to him to call for a new bill of rights. There were considerations more important than the temporary duration of an insurrection. Among them were the eternal principles of justice, which could not be violated save with detriment to the interest and feeling of a civilized community.

## Toronto Landlords Have New Graft

Charge \$20 For Privilege of Viewing Prospective Homes.

Toronto.—That some landlords are asking prospective tenants the price of \$2 for the privilege of looking at houses and apartments prior to renting them, is the complaint contained in a letter received by a local newspaper five days ago from a tenant in the west end of the city asked a real estate agent whether he could take a look at a new apartment. He was asked \$2 admission fee.

"Will I get my money in case I do not take the place?" he asked.

"That was the question I asked the agent," he said.

"In this case I like the looks of the apartment can I deduct \$2 from the first month's rent?" he asked.

"I charge you the \$2 to look at the place," said the agent. "It has nothing to do with the rent."

"The landlord's name is Porter and he was its commander, he could readily hope that his tenure of office as representative of the king in the Dominion would be successful. If he should prove a failure in the office to which he had been appointed, it would not be because of any lack of affection on his part for the men of the great Dominion, who he had known and loved in the war. He concluded by paying a specially complimentary tribute to General Sir Arthur Currie, who succeeded him as commander of the Canadian army corps."

## Says Father Was Swindler

Daughter of Bank President Admits Alleged Theft of \$100,000.

Chicago.—Vivian Spurgin, daughter of Warren F. Spurgin, missing president of the closed Michigan Avenue Trust company, who, with her mother, returned to Chicago from Detroit, where they fled following Spurgin's disappearance, has admitted that she took the knowledge that her father had taken more than \$100,000 from the bank's money before he fled, it was announced by James E. McShane, assistant state attorney.

## Britain Cancels Government Bonds.

London.—The chancellor of the exchequer announced that after September 30 no bonds will be paid to government employees in receipt of salaries of over \$1,000 a year. He also said that there would be reduction of 5 per cent on salaries above \$500. He said that \$200,000 would be saved by these economies.

## Montreal Wants Cut in Freight Rates.

Montreal.—In view of the downward trend of railway employees' wages, the council of the local board of trade today adopted a resolution asking the Board of Railway Commissioners of Canada to consider the question of reducing railway freight rates on Canadian lines.

## A Preliminary Estimate Is Now Supplied Of World's Crop Production

Greece, Canada and the United States, 172,982,000 bushels (164,865,000). Italy—Spain, 92,180,000 bushels (90,463,000). Japan, 89,287,000 bushels (92,140,000). The total production of barley for the same countries as wheat, but including Hungary and India, is 552,349,000 bushels (531,738,000). Spain—Spain, 25,000,000 bushels (23,500,000). The total production, including Bulgaria, Finland, Alsace-Lorraine, Greece, Canada (330,790,700), United States (1,282,000,000) and Tunis, is 1,828,000,000 bushels (1,842,000,000). The grand total for wheat, rye, barley and oats, taken together, is 4,255,000,000 bushels compared with 4,940,000,000 last year's, a decrease of 685,000,000 bushels.

W. N. U. 139

## VIGOROUS BRITISH NOTE SENT TO FRANCE OVER SILENT QUESTION

London.—The latest British note over the Silesia problem, which was handed to the French Government in Paris, and which was described in official circles as a "vigorous worlded" document, reminds the French Government of the firmness with which Great Britain has always adhered to the principle of close co-operation and mutual consultation between the Allied Governments.

The note expresses surprise at the sudden change in attitude on the part of the French Government, especially as early this week the principle of co-operation was emphasized and agreed to between Lord Curzon, the foreign secretary and the French Ambassador, while following the incident of the occupation of Frankfurt by the French in April, 1920. Mr. Miller, the then premier, had given definite assurances that France would not in future take isolated action on matters of common concern without consulting the Allied Governments.

The note likewise expresses surprise at the unusual and apparently unfriendly tone of the French communication of Wednesday last, which Great Britain, U. S. Reduces Army To 150,000 Men

Congress Refused Funds To Pay Greater Force.

Washington.—Reduction of the United States army to a peace-time strength of one hundred thousand men has been accomplished in accordance with the decision of Congress when it refused to appropriate funds for pay of the army after October 1. With the reduction, Secretary Weeks announces there would be a general redistribution of troops, practically all of seven of the great war-time army contingents; placement of many organizations on the inactive list, and skeletonization of others into materially reduced strength.

Bills are absolutely prohibited in Russia.

## Federal Authorities Not Encouraging Immigration To Canada At Present Time

Information as to the country of their choice.

In the descriptive book, "The Canadian West," which the department is distributing in this way to interested settlers who visit the department offices and agencies in search of information, the first page is devoted to giving information as to the regulations governing admission of immigrants to Canada.

"Information on this page," says an explanatory paragraph, "is given prominence in order that persons may not sell out their homes, land and other property in Canada until they are reasonably sure that they can comply with the Canadian immigration regulations and thus be able to enter Canada without delay at Canadian ocean ports."

Intending emigrants are urged to co-operate with the immigration authorities, study the regulations and make sure that they can comply before they make their final arrangements for sailing.

The West Yes, But Water in a Puddle Isn't Water on the Land.

## THE HERALD.

## CROP REPORT

Edmonton, July 30.—General rain has visited most sections of the province during the past few days. A number of districts report from half an inch to three-quarters of an inch. Most of the districts in the southern part of the province have benefited by a plentiful supply. This rain was too late to be of any great assistance to the general crops through out the southern part of the province. It will, however, very materially assist in the filling of the oat and barley crops and later sown wheat.

Practically all sections of the province south of Edmonton have suffered from a shortage of rain during the whole season. Notwithstanding this the big central portion of the province will reap a fair crop. The recent rain has arrived in time to help not only the oats and barley in the central area but will also materially improve the wheat crop except some of the early sown and early maturing varieties.

The whole southern and south-eastern areas will have a light short crop. In these districts however, there are certain sections which have been visited by frequent local showers and as a result good crops will be harvested in those areas. This is particularly the case in two or three localities one of which is located near the southern boundary of the province. North and east of Edmonton and in the Grande Prairie and Peace River districts the reports are especially good. There has been plenty of rain and the season throughout has been particularly favourable. As far as can be determined at the present time the prospects are that the crop will be heavy all through the north.

Wheat and barley cutting has commenced in several parts of the southern and eastern sections of the province. Cutting will not be general, however, for some little time yet though indications are that harvesting will be earlier than usual. This will depend to some considerable extent on the weather conditions during the next two weeks.

## CHURCH NEWS

## UNION CHURCH

Sunday, August 7th.—11 a.m. and 7:30 p.m.—Mr. Hainsworth, of Wetaskiwin, will preach at both services. All are heartily welcome. Eastside school—Sunday school at 2:30 p.m. preaching service at 3:20.
